

## Draft Agenda

### Technical Meeting on the Implementation of the National Programme for Digital Transformation of the Energy Sector 2026–2030

**Date:** 14 November 2025

**Time:** 09:00–12:30

**Venue:** Government Building, Conference Room (1st floor)

#### Scope:

Kick-off of the technical coordination process following the Government's approval (8 October 2025) of the *National Programme for Digital Transformation of the Energy Sector 2026–2030* and its Implementation Plan. The coordination process is led by the Ministry of Energy, in close partnership with the energy system operators and the national regulatory authority, with technical assistance from UNDP in the framework of Accelerating a just energy transition program/Smart Metering components funded by Government of Italy.

#### Objectives:

- Present the approved Programme's structure, implementation roadmap, and funding framework;
- Define institutional roles and initiate the coordination mechanism for monitoring, verification, and reporting of implementation progress.

## Agenda

**09:00–09:30** – *Registration and Welcome Coffee*

**09:30–09:45** – *Opening and Introductory Remarks*

- **Ms. Cristina Pereteatcu**, State Secretary, Ministry of Energy
- **Ms. Seher Ariner**, Deputy Resident Representative, UNDP Moldova
- **Representative of the Italian Agency for Development Cooperation (AICS)** – *Mr. Stefano Osti* (online)

**09:45–11:15** – *Presentation of the Approved Programme and Implementation Plan*

- **Ms. Cristina Pereteatcu**, State Secretary, Ministry of Energy – Overview of Programme objectives, structure, and main deliverables, including indicative funding framework and timeline for 2026–2030.
  - *Short-term priorities (2025–2026)*: data interoperability, digital reporting, cybersecurity, and customer digital services.
  - *Medium-term priorities (2027–2030)*: smart metering integration, digital twins, AI-based analytics, and the national energy data platform.

- **Ms. Natalia Roșca**, Legal Specialist, UNDP JET Programme – Institutional responsibilities, regulatory framework, and coordination mechanisms for the first implementation phase (2026–2028).
- **Mr. Iulian Mihailov**, Technical Engineer, UNDP JET Programme – Technical presentation on the *National Consumer Location Register (RNLC)* and *National Energy Management Platform (PNME)*.
- **Mr. Octavian Lungu**, Senior Expert, Ministry of Energy – Expected impacts and implementation constraints.

**11:15–11:45** – *Discussion Session: Questions and Answers*

**11:45–12:00** – *Coordination and Follow-Up Actions*

- **Ms. Natalia Roșca**, Legal Specialist, UNDP JET Programme – Presentation of the proposed coordination mechanism and monitoring process.

**12:00–12:30** – *Closure and Networking Lunch*

**Annexes / Supporting Materials:**

1. *National Programme for Digital Transformation of the Energy Sector 2026–2030* – Approved text
2. *Implementation Plan 2026–2030* (summary matrix)
